

# YOUR JOURNEY

TO BECOMING EXAM READY

## WELCOME TO GCSE PHYSICAL EDUCATION (SHORT COURSE)

The WJEC Eduqas GCSE Physical Education (Short Course) qualification will enable you to engage in a practical course, designed to encourage you to be inspired, motivated and challenged by the subject and enable you to make informed decisions about further learning opportunities and career pathways. Through studying GCSE Physical Education (Short Course), you will acquire the knowledge, understanding, skills and values to develop and maintain your performance in physical activities and understand the benefits to health, fitness and well-being.

## PLANNING AHEAD...

The specification in physical education (short course) will enable you to make connections between theory and practice so that you are able to apply your understanding of the factors that underpin physical activity and sport and use this knowledge to improve performance.

By studying physical education, you will be able to:

- develop theoretical knowledge and understanding of the factors that underpin physical activity and sport and use this knowledge to improve performance
- understand how the physiological and psychological state affects performance in physical activity and sport
- perform effectively in different physical activities by developing skills and techniques and selecting and using tactics, strategies and/or compositional ideas
- develop their ability to analyse and evaluate to improve performance in physical activity and sport
- understand the contribution which physical activity and sport make to health, fitness and well-being

This qualification will build on subject content which you will have been taught at Key Stage 3 and will provide a suitable foundation for the study of Physical Education and Sport at Level 3, for example, the Eduqas AS and A Level qualification's in Physical Activity. This qualification will also provide a coherent, satisfying and worthwhile course of study for you if you do not progress to further study in this subject.

# GIVE IT YOUR ALL!

## TOP TIPS!

**Start to think about what Sports and activities** you enjoy.

**Try to analyse what makes a good performance** and how performance can be improved.

**look at ways of developing your performance** through skills, drills and training.

**Think about the how your body works and moves.**

**Look at information on sports psychology** and how important mental preparation is to sport.

**Think about why** you play sport and take part in physical activity.

**Consider the impact of media coverage** on sports development.

**Watch other training and develop physically** for life a healthy life or sport.

**Think about how technology is changing** the world of sporting performance.

## WELLBEING GUIDANCE

### **Take baby steps.**

Remember this is a journey and you will pick skills and knowledge up along the way.

### **Take regular breaks from studying.**

Exercise, meet friends, spend time with family.

### **Look after yourself.**

Make sure you are getting a balanced diet and get enough sleep.

### **Try to stay positive.**

Even if you don't feel like it, a positive attitude will help you.

### **Remember that everyone's different.**

Try not to compare yourself to others.

## HOW ARE YOU ASSESSED?

### **Component 1 Introduction to Physical Education**

There will be a written examination in the summer when you are in year 11.

### **Component 2 The active participant in Physical Education**

You will need to complete a practical assessment of two activities of your choice from the approved list.
