

EXAMINATION REQUIREMENTS

June 2023

**GENERAL CERTIFICATE OF EDUCATION
GENERAL CERTIFICATE OF SECONDARY EDUCATION
ENTRY LEVEL CERTIFICATES**

**LEVEL 1 / LEVEL 2 GENERAL QUALIFICATIONS
LEVEL 1 / LEVEL 2 VOCATIONAL AWARDS (INCLUDING TECHNICAL AWARDS)
LEVEL 3 APPLIED CERTIFICATES AND DIPLOMAS
HEALTH & SOCIAL CARE & CHILDCARE (WALES)**

To avoid potential breaches of security, care must be taken to ensure the correct question paper packets are opened.

The Examinations Officer, with another member of the examinations team, must check the time, date and any other paper details before a packet is opened.

Subject & Paper Number

This is the number printed on the question paper and the attendance register.

Answer Books

For each examination, an indication is given as to the **likely** requirement per candidate. Clearly, this information can only be a guide as some candidates will write more than others. However, it does provide an indication as to the basic requirements, and it identifies those subjects where this stationery is not required at all.

The following indicators have been used:

16p	Pink scannable booklet. This answer booklet <u>must</u> be used for all examinations that require an answer booklet. If any candidate requires additional writing space, a pink 4-page scannable booklet should be used.
4p	Pink scannable booklet. Where a candidate requires additional writing space a pink 4-page scannable booklet should be used.

Candidates must follow the instructions on the front of the question paper for indicating question numbers in the answer booklet.

—	No booklets are required. This applies to examinations where answers to all questions are written in a question-and-answer booklet. If a candidate requires additional writing space a 4p scannable booklet should be used.

Further information regarding answer booklets can be found on our websites: [WJEC](#) and [Edugas](#)

WJEC Supplied Materials

This covers additional items which are issued with the question papers and which candidates will require **in addition to a copy of the question paper** e.g. Resource Material, Data Booklets.

Centre/Candidate Supplied Materials

This covers other items which candidates may require in the examination which are provided by the centre/candidate (e.g. calculators, dictionaries etc.). Centres must not provide candidates with exam related materials which are not listed. Such materials would be considered as unauthorised and may constitute malpractice.

Special note relating to Calculators - Calculators are only listed in this booklet where they are **likely** to be required by candidates. They are however now permitted in all WJEC examinations unless specifically prohibited in the specification.

General Information

A range of subject specific information is included, e.g. whether dictionaries are permitted in the examination room.

Non-Interactive electronic question papers (NIQP) are available for all qualifications/levels in PDF format. Provided that both a request has been processed through Access Arrangements Online (AAO) and an entry has been made, NIQPs will be available to download on the day of an exam from our [WJEC secure website](#) where full details on how to access NIQPs are also available.

Removing question papers from secure storage

In order to avoid potential breaches of security care must be taken to ensure the correct question paper packets are opened. An additional member of centre staff, who can be an invigilator, must check the day, date, time, subject, unit/component and tier of entry, if appropriate, immediately before a question paper packet is opened. This check must be recorded. The JCQ has produced a template for centres to use. This can be found at <https://www.jcq.org.uk/exams-office/ice---instructions-for-conducting-examinations/second-pair-of-eyes-check-form>

Audio-visual resources

In advance of the examinations taking place, centres must test the equipment to be used to play CDs and DVDs during the examinations using non-confidential standard CDs and DVDs to ensure that sound and visuals are of sufficient levels and clarity suitable for the examinations. Confidential CDs and DVDs supplied for use in examinations must not be used to test equipment. We advise that the equipment being used for examinations is tested in the locations where examinations are being held to ensure that examination conditions on the day of the exam are replicated in the testing.

CDs and DVDs supplied for use in the examinations can be accessed no earlier than one working day before the relevant timetabled examination for the purposes of digitising the audio-visual materials on a centre's computer network. Prior permission does not need to be sought from the awarding body.

It is recommended that a member of staff from the centre's IT department or the exams officer undertakes this task. The material must be downloaded to the secure part of a centre's network, i.e. the part of the network which is accessible to IT staff and not to centre staff undertaking the playback within the examination until the permitted time. Subject teachers cannot check the downloaded materials.

The confidential CD/DVD materials supplied by the awarding body for the examination must be returned to the centre's secure storage facility as soon as the download has been completed.

The exams officer must keep a log of the date when the confidential material was accessed and downloaded to the secure part of the centre's network and ensure the security packaging of CD/DVD material is resealed and the seal is signed and dated.

As in previous years, we advise you to contact the technical support within your centre should any issues arise as a result of the testing you have completed prior to the examination, or on the examination day. Should your technical support be unable to resolve your issues, as an emergency measure only, mp3 and mp4 files will be available on the WJEC secure website one working day prior to the timetabled examinations. Primary account holders will be able to access these files in 'TODAY'S QUESTION PAPERS' under 'RESOURCES'. As with question papers that are made available on the secure website on the day of examinations, centres will need to phone the relevant department for a password to access these files:

- 029 2026 5336 - GCE
- 029 2026 5154 - GCSE
- 029 2026 5444 - Vocational, Applied and Entry Level

For GCE MFL and Global Business Communication listening examinations, the existing arrangements for centres to access materials one working day prior to the examination, either via the CD as supplied or via an mp3 file, made available at 7:30 am one working day prior to the examination, and accessed using the secure website as above, will continue. Please note that [the JCQ Instructions for conducting GCSE & GCE Modern Foreign Languages Listening examinations](#) must be adhered to.

Advance Information

Information regarding Advance Information for WJEC GCSE, AS/A level and Health and Social Care, and Childcare (Wales) summer 2023 examinations is available on our [WJEC](#) website. Centres are reminded that candidates must not bring Advance Information into the exam. You may wish to stress this to your learners (and private candidates) in your communication or briefings about the summer 2023 examinations.
