2. Resources

A wide range of resources are available to support GCSE Business. Access these free digital resources on the [Digital Resources website](#) to support the delivery of our Business qualification. Content of this site includes:

Knowledge Organisers: These can be used for revision or as a starting point for creating your own knowledge organisers.

Blended Learning: These resources contain interactive self-study content. The resource is designed to complement traditional face to face teaching with an online learning pack that allows students to learn at their own pace.

Exam Walk Through: Aimed at learners, this Exam Walk Through resource offers practical hints and tips on how to effectively approach questions in the examination paper. Using questions from past exam papers, the PPT with audio help and audio script in the notes will walk candidates through a mock examination paper, helping them revise and practise useful exam techniques.

Command Words: A set of command words to give learners clear guidance on what assessment objective is being assessed.

In addition to the online resources, there is a list of books in the following link that can be used to support the GCSE Business specification [GCSE Business | Eduqas](#)

Online Exam Review: Here you will find a collection of interactive units that bring together a number of elements including general data, exam questions, their marking schemes and examiner comments, which will lead you through a review of exam questions.
