

# EXAMINATION REQUIREMENTS

## January 2021

GENERAL CERTIFICATE OF SECONDARY EDUCATION  
ENTRY LEVEL  
LEVEL 1/LEVEL 2 GENERAL QUALIFICATIONS  
VOCATIONAL AWARDS & CERTIFICATES  
HEALTH & SOCIAL CARE & CHILDCARE (WALES)

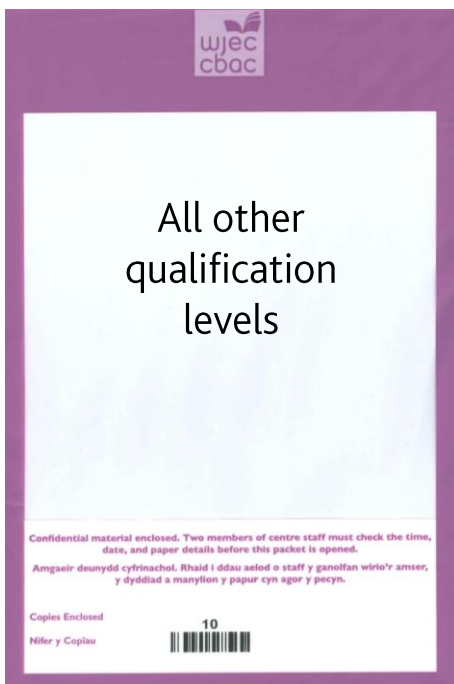

Summary of amendments:

Version	Description	Page number
2	Removal of information relating to GCSE English Literature unit 1, Welsh Literature unit 1 and ICT units 1 and 3 to reflect the decision by <a href="#">Qualifications Wales</a> that these exams should be cancelled.	1

To avoid potential breaches of security, care must be taken to ensure the correct question paper packets are opened.

The Examinations Officer, with another member of the examinations team, must check the time, date and any other paper details before a packet is opened.

## Subject & Paper Number

This is the number printed on the question paper and the attendance register.

## Answer Books

For each examination, an indication is given as to the **likely** requirement per candidate. Clearly, this information can only be a guide as some candidates will write more than others. However, it does provide an indication as to the basic requirements, and it identifies those subjects where this stationery is not required at all.

The following indicators have been used:

16p	Pink scannable booklet. This answer booklet <b>must</b> be used for all examinations that require an answer booklet. If any candidate requires additional writing space, a pink 4-page scannable booklet should be used.
4p	Pink scannable booklet. Where a candidate requires additional writing space a pink 4 page scannable booklet should be used.

**Candidates must follow the instructions on the front of the question paper for indicating question numbers in the answer booklet.**

—	No booklets are required. This applies to examinations where answers to all questions are written in a question-and-answer booklet. If a candidate requires additional writing space a 4p scannable booklet should be used.
---	---

Further information regarding answer booklets can be found in the following documents:

[WJEC and WJEC Eduqas Answer Booklets](#)

[Completing WJEC and WJEC Eduqas Answer books - Information for Candidates](#)

## WJEC Supplied Materials

This covers additional items which are issued with the question papers and which candidates will require in **addition to a copy of the question paper** e.g. Resource Material, Data Booklets.

## Centre/Candidate Supplied Materials

This covers other items which candidates may require in the examination which are provided by the centre/candidate (e.g. calculators, dictionaries etc.)

**Special note relating to Calculators** - Calculators are only listed in this booklet where they are **likely** to be required by candidates. They are however now permitted in all WJEC examinations unless specifically prohibited in the specification.

## General Information

A range of subject specific information is included, e.g. whether dictionaries are permitted in the examination room.

**Non-Interactive electronic question papers (NIQP)** are available for all qualifications/levels in PDF format.

Provided that both a request has been processed through Access Arrangements Online (AAO) and an entry has been made, NIQPs will be available to download on the day of an exam from our [WJEC secure website](#) where full details on how to access NIQPs are also available.

## Removing question papers from secure storage

In order to avoid potential breaches of security care must be taken to ensure the correct question paper packets are opened. An additional member of centre staff, who can be an invigilator, must check the day, date, time, subject, unit/component and tier of entry, if appropriate, immediately before a question paper packet is opened. This check must be recorded. The JCQ has produced a template for centres to use. This can be found at <https://www.jcq.org.uk/exams-office/ice---instructions-for-conducting-examinations/second-pair-of-eyes-check-form>

## Audio -visual resources for Global Business Communication Unit 2 (on paper) – (French/ German/ Spanish)

In advance of the examinations taking place, centres must test the equipment to be used to play CDs during the examinations using non-confidential standard CDs to ensure that sound is of sufficient level and clarity suitable for the examinations. We advise that the equipment being used for examinations is tested in the locations where examinations are being held to ensure that examination conditions on the day of the exam are replicated in the testing.

As in previous years, we advise you to contact the technical support within your centre should any issues arise as a result of the testing you have completed prior to the examination, or on the examination day. For Global Business Communication listening examinations, centres will be able to access materials one working day prior to the examination, either via the CD as supplied (centres may open and check the packages containing the confidential CDs) or via an mp3 file, made available at 7:30 am one working day prior to the examination, and accessed using the secure website. Primary account holders will be able to access these files in 'TODAY'S QUESTION PAPERS' under 'RESOURCES'. As with question papers that are made available on the secure website on the day of examinations, centres will need to phone 029 2240 4306 (Pathways) or 029 2026 5154 (GCSE) for a password to access these files.
