#### **Component 1: Introduction to physical education (written examination)**

No adaptations

#### **Component 2: The active participant in physical education**

There will be no adaptations for this component. The assessment of this component will be as per specification (and pre pandemic).

### 2. Resources

Senior members of the GCSE team have produced some additional resources which you may not have seen:

- (i) Exam Walk throughs -Written by Subject Officers, Principal Examiners and Principal Moderators - these are interactive resources for your learners to use. They offer practical advice and tips on approaching different question types and completing the NEA`s . Learners can view the Power points in stages or all in one session - it`s entirely flexible so up to you.

**Summer 2022 series** - the Principal Examiner / Principal moderators reports are now available and we highly recommend you read these carefully ( and your centre reports available on results day ) as they offer helpful observations and commentary on candidates performance this series that could help future learners moving forward.

### 3. Professional Learning

We are delighted to be offering Face to Face full day CPD in the Autumn, these will be expert – led interactive sessions. We are looking forward to seeing you all face to face (or online) and being able to give you feedback on the 2022 series, highlight the good practice we have seen and advise you on delivery, marking of assessments, share resources etc. There is also a 2 hour on- line alternative option for those who prefer this medium or are unable to attend the face-to-face sessions.
